GCE-3 Software Version History

You can download the latest system software for free on the web site below.
https://zoomcorp.com/

Version 1.20

· **Released as following bug fixes in December 2020**
1. Patch memory corruption is caused by initializing GCE-3 with Guitar Lab app, which may lead to subsequent force-quit of the app.
2. Downloaded additional effects sometimes cannot be used on GCE-3.

Version 1.10

· **Released as following function update in September 2019**
1. Supports emulation of A1 FOUR / A1X FOUR.

Version 1.00

· **Released as mass production in February 2019**
