---

## **Version 1.1.0**

- **Release to ameliorate the following issue in November 2025**
1. When using the L6max as an audio interface, disconnecting the USB cable while sound is being output from the computer could sometimes result in devices connected to the USB port not being recognized properly until the computer is restarted.

## **Version 1.0.0**

- **Released as mass production in September 2025**
