Note:

- This information shows the results of operation confirmation conducted by our company.
This is not a guarantee that no issues will occur with the above devices and software.
- To use a P4next connected to a smartphone or tablet, set its USB Audio Interface Mode to “Stereo Mix”.
Unexpected behavior might occur in “Multi Track” mode.
See “Setting the types of signals sent to the computer, smartphone or tablet” in the Operation Manual for setting procedures. The Operation Manual can be downloaded from the P4next Support & Downloads page (zoomcorp.com/help/p4next).
