Version 1.20

- **Release to fix the following issue in October 2025**

1. When an SSH-6e was connected and the mode setting (mono / stereo / MS Raw) was changed, the following issues would occur.
   - ・ The side mic sound would be muted.
   - ・ The mode setting change would not be applied, and recording would use the same mode as before it was changed.

Version 1.10

- **Released as mass production in August 2025**
