# Introduction

---

ZOOM Handy Control & Sync is a remote control application for ZOOM recorder products. An iPhone/iPad can be connected to multiple recorders and used to simultaneously start and stop recording, synchronize timecode and set the date and time.

Note that this manual does not explain operation of the recorders themselves. See the product operation manuals for detailed explanations about them.

---

# Installing ZOOM Handy Control & Sync

---

- 1.** Open the App Store on the iPhone/iPad and search for “ZOOM Handy Control & Sync”.
- 2.** Tap "GET" on the ZOOM Handy Control & Sync screen.  
This will install ZOOM Handy Control & Sync.

# Connecting with recorders

## NOTE

- A BTA-1 or another dedicated wireless adapter (sold separately) must be installed in the recorder itself to remotely control it from an iPhone/iPad. See the operation manual of that recorder for details.

1. Referring to the recorder manual, prepare it for Bluetooth connection.

2. Tap the ZOOM Handy Control & Sync icon on the iPhone/iPad.

3. Tap the  icon.

This opens a Bluetooth device list in ZOOM Handy Control & Sync. Tap the recorder name/ID to start connecting.

When connection completes, the status of connected recorders will be shown.

## NOTE

- If connection is not successful, move the device closer to the recorder or move both to a place where nothing interferes with radio waves and start ZOOM Handy Control & Sync again. Confirm also that the Bluetooth function of the iPhone/iPad is enabled.
- A maximum of 10 recorders can be connected to the device.

# Using screens

## Recording

### 1. Tap .

This will simultaneously start recording on all connected recorders.

### 2. Tap to stop.

#### NOTE

- Timecode data sent from the iPhone/iPad is added to recording files. This enables synchronization when editing afterward if multiple recorders were connected and used to record simultaneously.

## Changing recorder names

1. Swipe left on the recorder display area.

2. Tap .

### 3. Input the desired name and tap "OK".

#### NOTE

- The following characters can be input.

(space)! # \$ % & ' ( ) + , - 0 1 2 3 4 5 6 7 8 9 ; = @ A B C D E F G H I J K L M N O P Q R S T U V W X Y Z [ ] ^ \_ ` a b c d e f g h i j k l m n o p q r s t u v w x y z { } ~

- Up to 15 characters can be input.

## ○ Disconnecting

1. Swipe left on the display area on the recorder to be disconnected.

2. Tap .

3. Tap "Disconnect" to disconnect the recorder.

## Setting the date and time

1. Press .

This will set all connected recorders to the same date and time as the iPhone/iPad.
